

Dear BJÖN, 美音

'I'M WAITIN'
FOR SOME
OVERDUE
MALE...
YOU!

In the cities, there are things
and people from all over the world
and life is far from boring,
very busy and interesting.

There are few domestic troubles
in Japan. I think it is a
very peaceful country.

I think we have to
consider about how to
deal with anti-Japanese
feeling in the world.

Deutschland ist ein
Industrieland. Besonders
Deutschlands Autoindustrie
ist weltbekannt: Mercedes,
BMW, Porsche...

Auch in der EU spielt
Deutschland politisch und
wirtschaftlich eine
große Rolle.
